and drawing materials

Join us to visit this wonderful exhibition showing art about women.

As women have been consistently portrayed between the 19th and 20th centuries, we will observe art works made in contrasting art styles to understand how the portrayal of women has changed, going from depicting an icon, completely detached from reality, to a real and contemporary individual with her emotions and worries.

During the visit the children will be engaged in discussion and drawing activities that will help them to portray their own idea of woman and create their artwork inspired by that.

The programme will last 1.5 hr and will be conducted entirely in English

The program is open to members of *ARTandSEEK*.

Annual membership costs 10€ per child and will give you password to download our Activity booklet updated regularly with new artists and creative ideas.
