and professional drawing materials

Join us for an exciting live drawing course consisting of 3 sessions, during which the children will go to different modern art museums of Rome to draw on site in order to learn basic techniques for graphite drawing.

We will visit the permanent collections and sit down in the museum in front of an artwork or a piece of architecture: during each session the children are shown several ways to draw, with exercises to enhance drawing skills and to encourage critical thinking, imagination, creativity and lifelong connections with art.

You can join one or more sessions.

The programme will be held in English with attention to those learning the language.

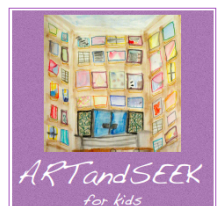

The workshop will be confirmed with a group of 5 children minimum.

Advance payment will be required.

The course is open to members of *ARTandSEEK*.

Annual membership for 2019 is 10€ per child and comes with an Activity booklet to download
