Join us for an exciting live drawing course consisting of 3 sessions of 2 hours each, during which the children will go to different art museums of Rome to draw on site in order to learn basic techniques for graphite drawing and coloured pencils.

We will visit the permanent collections and sit down in the museum in front of an artwork or a piece of architecture: during each session the children are shown several ways to draw, with exercises to enhance drawing skills and to encourage critical thinking, imagination, creativity and lifelong connections with art.

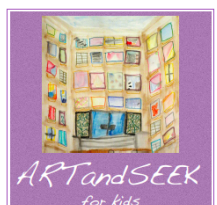

You can join one or more sessions.

The programme will be held in English. An Italian speaking assistant will be helping children who are learning the language when necessary.

The workshop will be confirmed with a group of 6 children minimum.

The course is open to members of *ARTandSEEK*.

Membership valid September through December 2019 is 5€ per child and comes with an Activity booklet to download. Info [here](#)
