Join us for our special two-part gallery visit.

The two programmes are linked but it's not mandatory to join both.

At Palazzo Massimo we will explore ancient artifacts and the stories they represent. Linking myths and legends we will see how these very old pieces have inspired contemporary artists who used the same iconography but in a modern key.

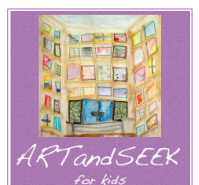

On our second visit to the Galleria Nazionale d'Arte Moderna, we will analyse contemporary art in connection to ancient pieces seen at Palazzo Massimo.

During the visits the children will be engaged with "open ended" questions to express their ideas and with simple art activities to experiment their creativity.

The programme is conducted entirely in English by a native speaker teacher. An assistant for Italian children will be present.

The programme is open to members of the *ARTandSEEK* association.

Annual membership valid until 31st December 2020 is 5€ per child and comes with an Activity in PDF to download. Info [here](#)
