Join us for the last appointment of the year, at the Galleria Nazionale d'Arte Moderna.

We will explore how artists like Leoncillo, Alberto Burri and Giuseppe Penone, tell the stories of themselves and their community through the use of unusual art materials.

We will reflect on textures, on the meaning we give to objects, and on how emotions are linked to our senses. During the visit we will experiment with fun activities linked to the theme and create our own 'visual stories'.

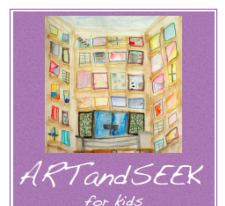

The programme will be held in English with help to those learning the language.

The programme is open to members of *ARTandSEEK*.

Annual membership costs 10€ per child and will be valid for 2022
